Compilation Date	:-	24.08.2016	Document Date	:-	24.08.2016

Statutory Changes

- Assam Form-13 eReturn as per new format.

- Andhra Form-200 as per new format.

- Chhattisgarh VAT Annexure as per new format.

- Minor changes in UP VAT challan printing.

Minor Changes

- Provision made to show parameter-wise details in Job work finished goods related reports.

Bugs Removed

- HO/BO data synchronisation, sometimes cancelled references (Order/Challan) were not getting exchanged. Now problem rectified.

- Searching any entry in a grid using <CTRL + ALT + S> key, an error was being generated. Now problem rectified.

- Vendor-wise Stock Status report based on Item batches was generated error if ' was used in Batch No. Now problem rectified.

- Importing voucher from Excel; if unit specified was alternate unit of Item then the same was not being imported properly. Now problem rectified.

- Item parameter-wise data entry and value of parameter being used as alt. unit conversion factor, sometimes the conversion factor was not being calculated properly. Now problem rectified.

- Creating Job work finished goods references; Job ID + Item's first parameter value was being used as unique combination instead of all parameters value. Now problem rectified.
